# FREE COMMUNITY LECTURE ON JUNE 23, 2011

## "CREATING PROSTATE CANCER CURES & REMISSIONS SYSTEMICALLY"

Robert Leibowitz, M.D. (Dr. Bob) and Jeffrey Turner M.D. will present some important new approaches in the management of high risk, recurrent or metastatic PC – all without any local therapy. One example will be their extraordinarily successful, new, special 3-drug attack on PC cells (not Triple Hormone Blockade®). Over 90% of their patients respond well with results far superior to anything published. Their different 3-pronged approach permits patients to enjoy a “drug-free” holiday for one year (average) & some indefinitely - contrasted with patients on a usual protocol who can be “drug free” for only 12-22 weeks. Dr. Bob and Dr. Turner will also demonstrate their success with very high dose Testosterone replacement therapy; the results were published in the Brit. Journal of Urology, Intl. Dr. Bob is a pioneer in the use of systemic therapies for PC rather than any local therapy and is the founder of Compassionate Oncology Medical Group in Century City, L.A. Both Dr. Bob and Dr. Turner are board certified medical oncologists and their joint practice is focused on prostate cancer.

Triple Hormone Blockade® is the registered trademark of Robert Leroy Leibowitz, M.D.

**Date & Time:** Thursday, June 23, 2011. Lecture starts at 7pm.

\*Doors open at 6 PM to pick up information, books and video DVDs, etc.

\*2 pre-meetings at 5 PM: “Newly Diagnosed” or “Advanced/Recurrent Disease”

**Location:** First Presbyterian Church, 838 North Euclid Street, Fullerton, CA 92832
